

I WANT YOU

To Be a Web Guru For Your Ministry

Resources for learning web markup code:

<http://www.w3schools.com/html/>

<http://www.w3schools.com/css/>

<http://www.w3schools.com/jquery>

Practice your code a bit here: <http://jsfiddle.net/>

For detailed coding questions head on over to Stackoverflow. (Bit advanced)

<http://stackoverflow.com/>

Content Management Frameworks to check out:

<http://wordpress.org/>

<http://drupal.org/>

<http://www.joomla.org/>

The self-labeled expert on church websites (actually seems pretty cool)

<http://www.sundaysoftware.com/webpage.html>
